

w1

MANGER
PRECISION IN SOUND

WALLMOUNTED WONDER

The brand new w1 is the attractive on-wall alternative for your aesthetic demands in your living room and your highest requirements for audiophile reproduction.

Made for optical and acoustical senses

The wall surface acts as a supporting medium for undisturbed sound propagation. The ideal listening position is no longer limited to the middle of the room, but can be freely selected thanks to the broad range of audio reproduction of the Manger Sound Transducer.

Versatile setup

The w1 can be used as a stereo system, but also gives you the possibilities to turn it into multi-channel for your home theatre desires while perfectly retaining your living room qualities.

Neatly organized

A minimal but practical setup featuring the cable guide, terminal and wall mount.

Your individual high end finish

You have full control over the way the w1 looks and fits into your personal environment. Whether you want it dark, light, white or fancy a special tone: we'll be happy to receive your wish and produce your personal and individual w1 for you.
